Community Benefits

Halifax Health has served as the leading provider of healthcare in our community for 90 years. Let’s take a closer look at the benefits.

**Service to Uninsured Patients = $48.2 million**
The health system spent more than $48.2 million in fiscal year 2018 (FY18) to care for patients who were under- or uninsured.

**Physician Services = $8.8 million**
The medical staff at Halifax Health consists of more than 500 area physicians, representing over 56 medical subspecialties who serve our community’s healthcare needs.

**Preventive Health Services = $0.8 million**
Through local clinics and programs such as Florida KidCare, Halifax Health contributed $0.8 million to preventive health services in FY18.

**Trauma Services = $6.1 million**
Halifax Health operates the only Trauma Center in the area. This means that trained professionals including trauma surgeons, specialists and staff are available 24 hours a day, seven days a week, to care for the area’s most emergent healthcare needs. In FY18, Halifax Health spent $6.1 million to maintain its promise to the community that no matter the emergency, the Trauma Center at Halifax Health is here to serve.

**Neonatal and Pediatric Intensive Care Services = $0.5 million**
The area’s only 24-hour Level III Neonatal Intensive Care Unit and the only Pediatric Intensive Care Unit are located at Halifax Health. These services guarantee 24-hour care for babies and children in our community.

**Child and Adolescent Behavioral Services = $0.6 million**
Halifax Health - Behavioral Services is the only organization of its kind in the area. Halifax Health contributed $0.6 million in FY18 to provide Psychiatric and Psychological services to children and adolescents, as well as individual, family and group counseling.

**Total Benefit to the Community = $65.0 million**
During FY18, Halifax Health provided abundant benefits to the community resulting in a total contribution equal to $65.0 million.
